

Md. Samiul Haque Ruf

MERN Stack Web Developer (Junior / Entry-Level)

Professional Summary

Motivated and detail-oriented **MERN Stack Web Developer** with hands-on experience building responsive, scalable web applications using **MongoDB, Express.js, React.js, and Node.js**. Comfortable with REST APIs, JWT-based authentication, and clean UI development. Seeking an **entry-level/junior** role to contribute to real projects and grow as a developer.

Technical Skills

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap
Backend	Node.js, Express.js
Database	MongoDB
Tools	Git, GitHub, VS Code
Others	REST API, JWT Authentication, Basic Deployment

Projects

Tuition Management System

- Full-stack MERN application for managing students, teachers, and tuition fees.
- Implemented authentication, CRUD operations, and role-based access control.
- Focused on responsive UI and maintainable component structure.

Client Repo: <https://github.com/samiul298/paik-mart-client>

Server Repo: <https://github.com/samiul298/paik-mart-server>

Education

Bachelor of Science (BSc) in ICT — 3rd Year (Running)

Career Objective

To build a strong career as a professional web developer by working in a challenging environment where I can apply my MERN stack skills, learn new technologies, and contribute to organizational growth.

Personal Strengths

- Quick learner and adaptable to new tools/technologies.
- Team player with clear communication.

-
- Strong problem-solving mindset and debugging skills.
 - Detail-oriented and committed to clean code.
